

## Fox Reporting System – Products Technical Requirements

System Recommendations for: <b>Fox Reporting System – Servers</b>	
<b>CPU (Processor)</b>	PC with Pentium-level processor or equivalent at 1Ghz
<b>System Memory (RAM)</b>	At least 1GB RAM
<b>Media</b>	CD-RW/DVD Drive, backup device & media for a proper backup rotation (e.g. DAT Tape drive, CD-ROM burner, Iomega ZipDrive). Daily backups should be made with at least two weeks rotation of media
<b>Free Hard Disk Space</b>	Minimum 5GB required for Fox Reporting System software which does not include Operating System or Database server requirements (Please see Microsoft website for further information)
<b>Operating System</b>	Microsoft Windows 2003 (including the latest Service Packs at the time of release.)
<b>Database Server</b>	Microsoft SQL Server 2000 (including the latest Service Packs at the time of release.) or Microsoft SQL Server 2005 (including the latest Service Packs at the time of release.)
<b>Display</b>	Basic functionality works while running in an 1024 x 768 resolution with 256 colors.
<b>Other Components</b>	<i>Microsoft .Net Framework 2.0</i> , Anti virus protection

System Recommendations for: <b>Fox Reporting System - Record Management System 4 (RMS 4) Parking</b>	
<b>Hardware—Single User Implementation</b>	
<b>CPU (Processor)</b>	Intel Pentium or AMD K2 Processor at 1GHz or greater
<b>System Memory (RAM)</b>	512 MB minimum, recommended 1GB
<b>Free Hard Disk Space</b>	Minimum 5GB of free hard disk space is required for basic software operation. Database size depends on the number of constituents (approx 100MB/ 10000 constituents)
<b>Display</b>	SVGA color monitor (minimum resolution: 800 x 600), recommended 1024 x 768 resolution for optimum usability
<b>Media</b>	A backup device & media for a proper backup rotation (e.g. DAT Tape drive, CD-ROM burner, Iomega ZipDrive). Daily backups should be made with at least two weeks rotation of media
<b>Services</b>	Internet Access for downloading new releases, updates, etc.
<b>Printer</b>	Printer support provided is for HP Laser printer standards including appropriate Windows drivers. Some reports require landscape formatting (legal paper)
<b>Accessibility</b>	Internet access for remote support (see software for details)
<b>Other Components</b>	<i>Microsoft .Net Framework 2.0</i> , Mouse required, Sound card recommended

<b>Software—Single User Implementation</b>	
<b>Operating System</b>	Microsoft Windows XP (Note: Windows XP 64-bit edition are not supported)
<b>Database</b>	MSDE 2000 for less than 4 users and less than 2GB of database Microsoft SQL Server 2000/2005 for bigger databases
<b>Other Components</b>	<b>Microsoft .Net Framework 2.0</b> , pcAnywhere Host Version 9 or higher or Microsoft Terminal Services to allow for remote support. Adobe Acrobat Reader (for user manuals), Anti virus protection, Internet Explorer 6.0 or higher.

<b>Hardware—Multi User and Network Sites</b> (this site requires a dedicated server)	
<b>CPU (Processor)</b>	Intel Pentium Processor at 1Ghz
<b>System Memory (RAM)</b>	256 MB RAM (512MB recommended).
<b>Free Hard Disk Space</b>	Minimum 5GB free hard drive
<b>Display</b>	SVGA color monitor (1024 x 768)
<b>Media</b>	CD-RW Drive/ DVD Drive
<b>Printer</b>	Standard Printer including appropriate Windows drivers.
<b>Network Components</b>	10/100BaseT Network Interface Card, Internet access
<b>Other Components</b>	<b>Microsoft .Net Framework 2.0</b> , Mouse required, Sound card recommended

<b>Software—Multi User and Network Sites</b>	
<b>Operating System</b>	Microsoft Windows XP (Note: Windows XP 64-bit edition are not supported)
<b>Other Components</b>	<b>Microsoft .Net Framework 2.0</b> , pcAnywhere Host Version 9 or higher or Microsoft Terminal Services to allow for remote support. Adobe Acrobat Reader (for user manuals), Anti virus protection, Internet Explorer 6.0 or higher

System Recommendations for: <b>Fox Reporting System – RMS4 Mobile</b>	
<b>Replication Server</b>	
<b>Server</b>	See above for Server requirements
<b>Connectivity</b>	Ethernet Network, WiFi Connectivity
<b>Other Components</b>	pcAnywhere Host Version 9 or higher or Microsoft Terminal Services to allow for remote support. Adobe Acrobat Reader (for user manuals)

System Recommendations for:

**Fox Reporting System – TraCS/RMS Migration tools****Software—Workstation RMS Plug-in**

<b>Operating System</b>	See above for Fox Reporting System RMS 4.0 Requirements
<b>Other Components</b>	<i>Microsoft .Net Framework 2.0</i>

**Software—Migration server**

<b>Server</b>	See Fox Reporting System – RMS 4.0 Server Requirements Microsoft Internet and Information Server
<b>Other Components</b>	<i>Microsoft .Net Framework 2.0</i> , Anti virus protection, Internet Explorer 6.0 or higher.

System Recommendations for:

**Fox Reporting System – Court****Server and Single User Implementation**

<b>Server</b>	See above for Server requirements Microsoft SQL Server 2005
<b>Connectivity</b>	Ethernet Network, WiFi Connectivity
<b>Office Tools</b>	Microsoft Word
<b>Other Components</b>	<i>Microsoft .Net Framework 2.0</i> , pcAnywhere Host Version 9 or higher or Microsoft Terminal Services to allow for remote support. Adobe Acrobat Reader (for user manuals)
